

Demo (Subject Management Module)

To access the subject management module:

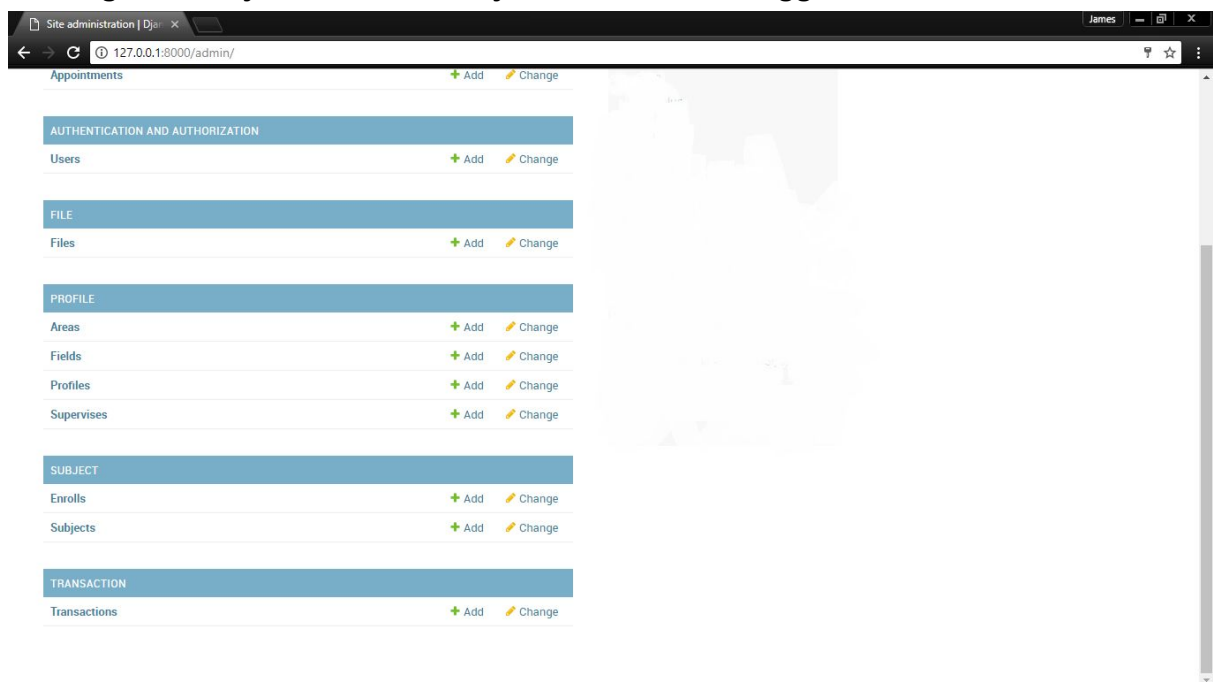

(For student)

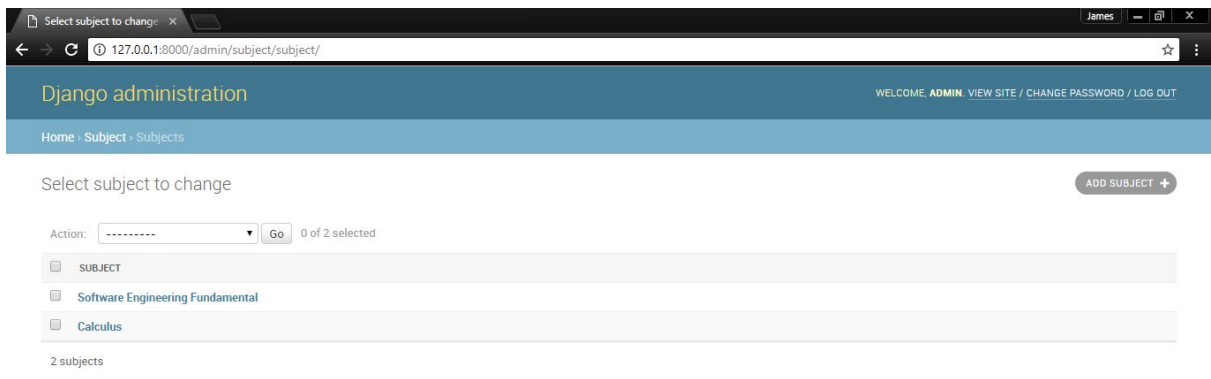

Clicking the “subject” in sidebar after logged in.

(For admin)

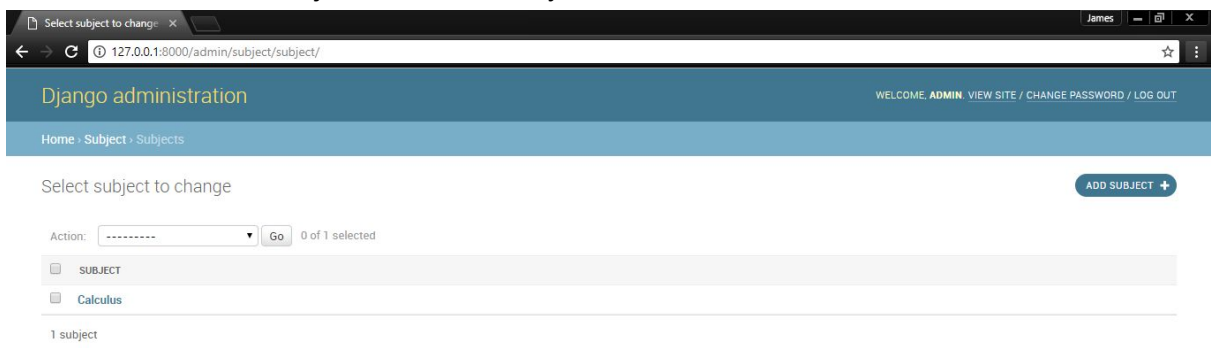

Clicking the “subjects” link in “subject” section after logged in.

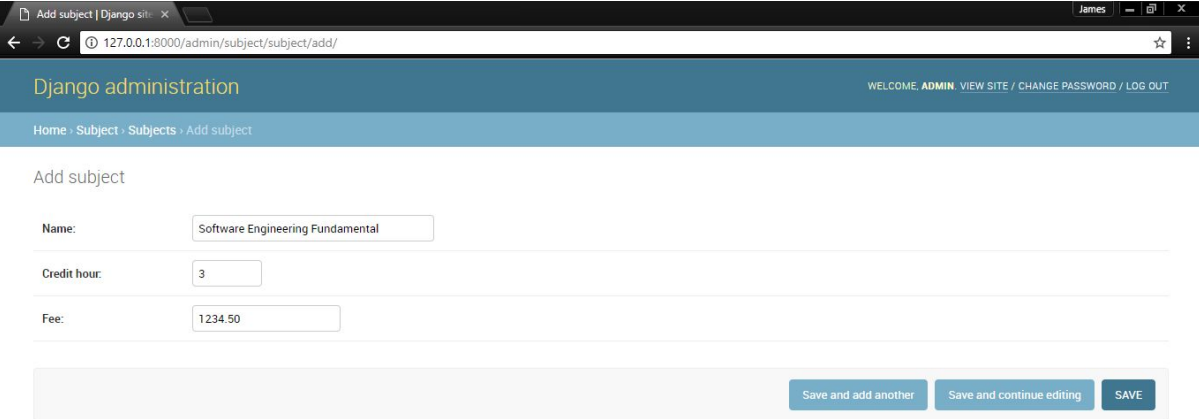

Adding New Subject (admin)

Admin can add new subject to database by click the “ADD SUBJECT +” button.

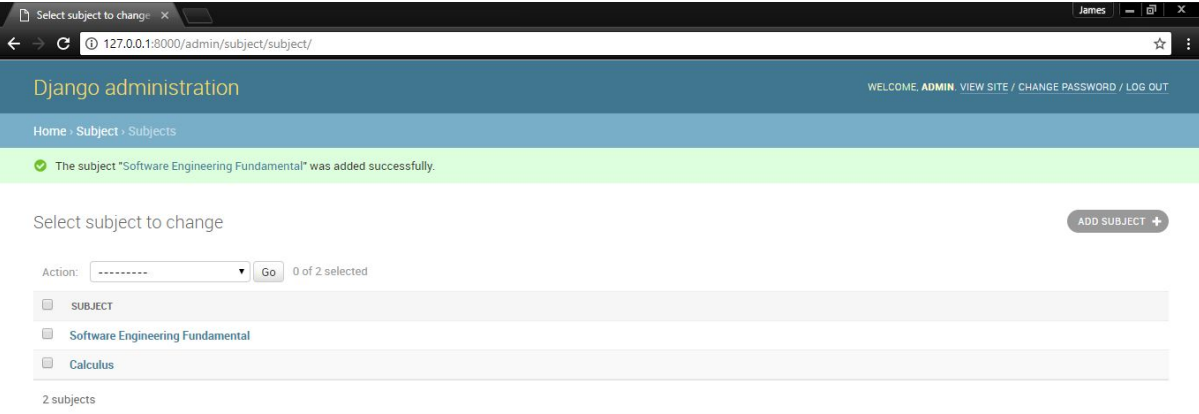

127.0.0.1:8000/admin/subject/subject/add/

Fill in subject name, credit hour and fee corresponding field and click “save” button.

The screenshot shows the 'Add subject' form in the Django administration interface. The browser address bar indicates the URL is `127.0.0.1:8000/admin/subject/subject/add/`. The page header includes 'Django administration' and a welcome message for 'ADMIN'. The breadcrumb trail is 'Home > Subject > Subjects > Add subject'. The form contains three input fields: 'Name' with the value 'Software Engineering Fundamental', 'Credit hour' with the value '3', and 'Fee' with the value '1234.50'. At the bottom right, there are three buttons: 'Save and add another', 'Save and continue editing', and 'SAVE'.

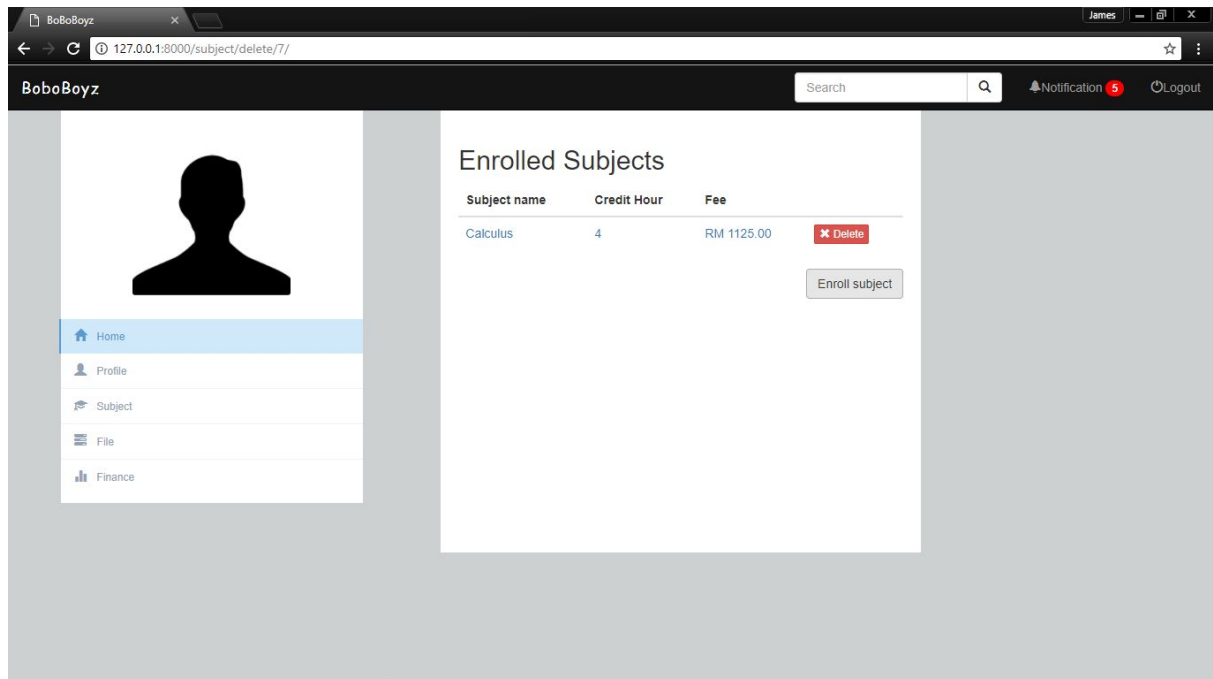

Subject added and ready to be enrolled by students. (Software Engineer Fundamental is added.)

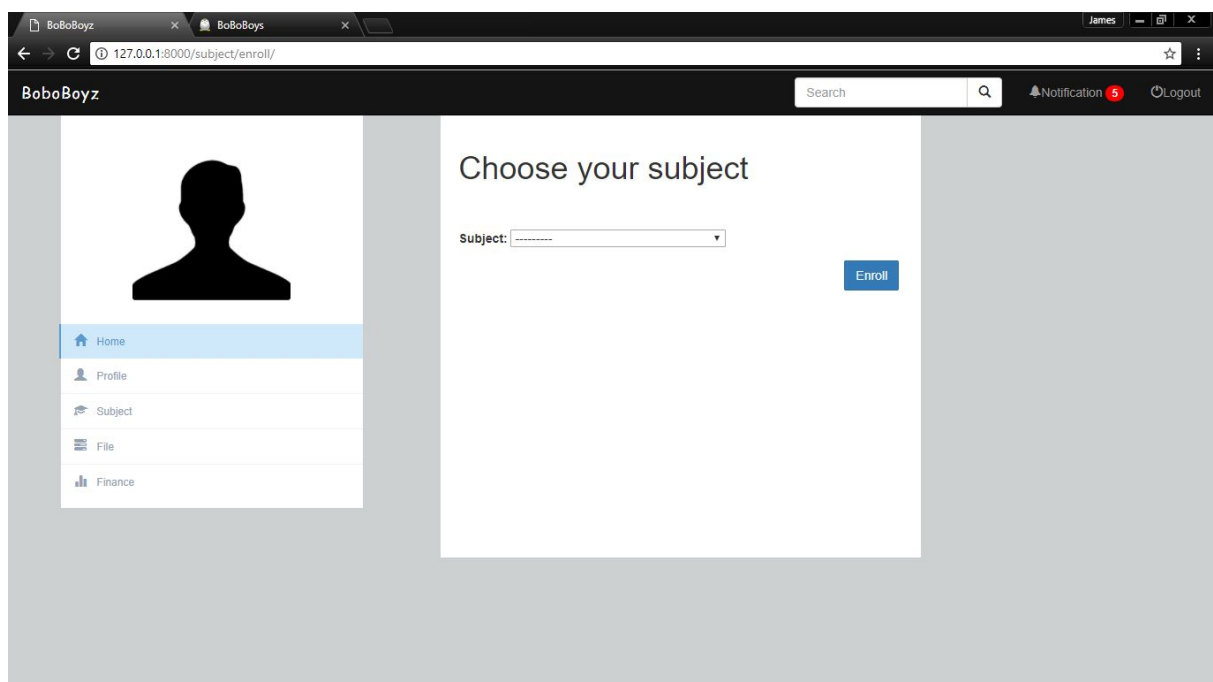

The screenshot shows the 'Select subject to change' page in the Django administration interface. The browser address bar indicates the URL is `127.0.0.1:8000/admin/subject/subject/`. The page header includes 'Django administration' and a welcome message for 'ADMIN'. The breadcrumb trail is 'Home > Subject > Subjects'. A green success message states: 'The subject "Software Engineering Fundamental" was added successfully.' Below this, there is a table of subjects. The table has a header row with a checkbox and the label 'SUBJECT'. The first row has a checked checkbox and the label 'Software Engineering Fundamental'. The second row has a checkbox and the label 'Calculus'. Below the table, it says '2 subjects'. At the top right, there is an 'ADD SUBJECT +' button. At the bottom left, there is an 'Action:' dropdown menu and a 'Go' button, with the text '0 of 2 selected'.

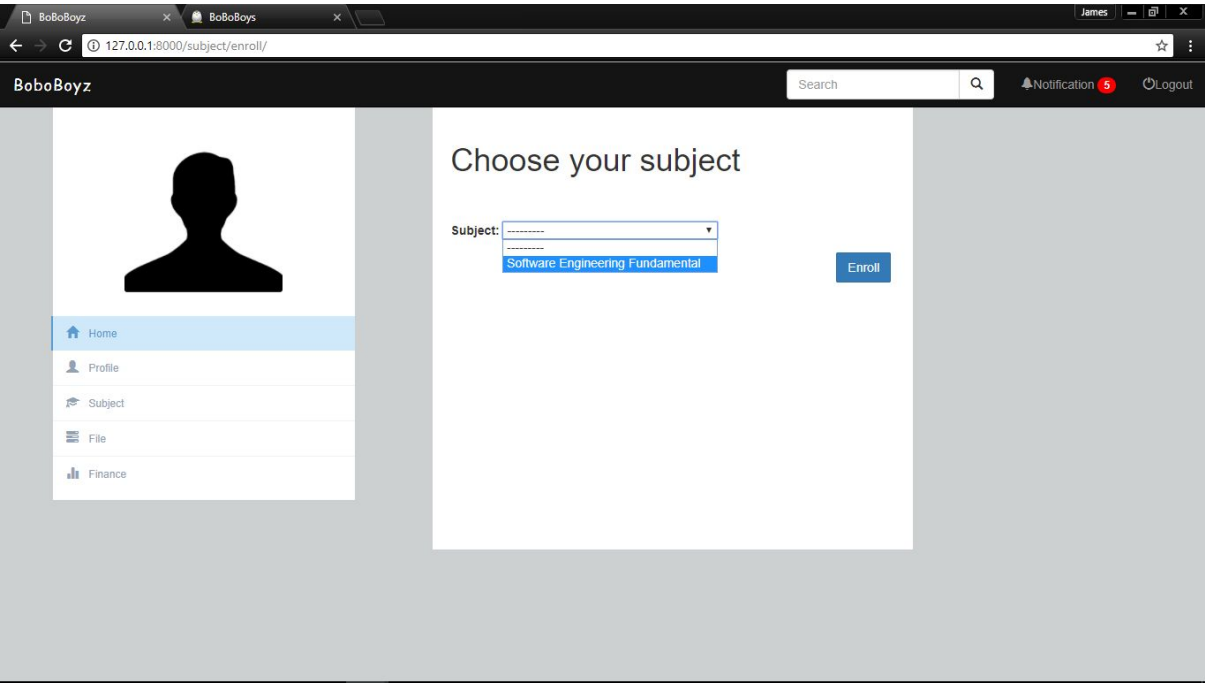

Enrolling Subject (For Student)

Student can enroll subject that is existing in database by click “Enroll Subject” button.

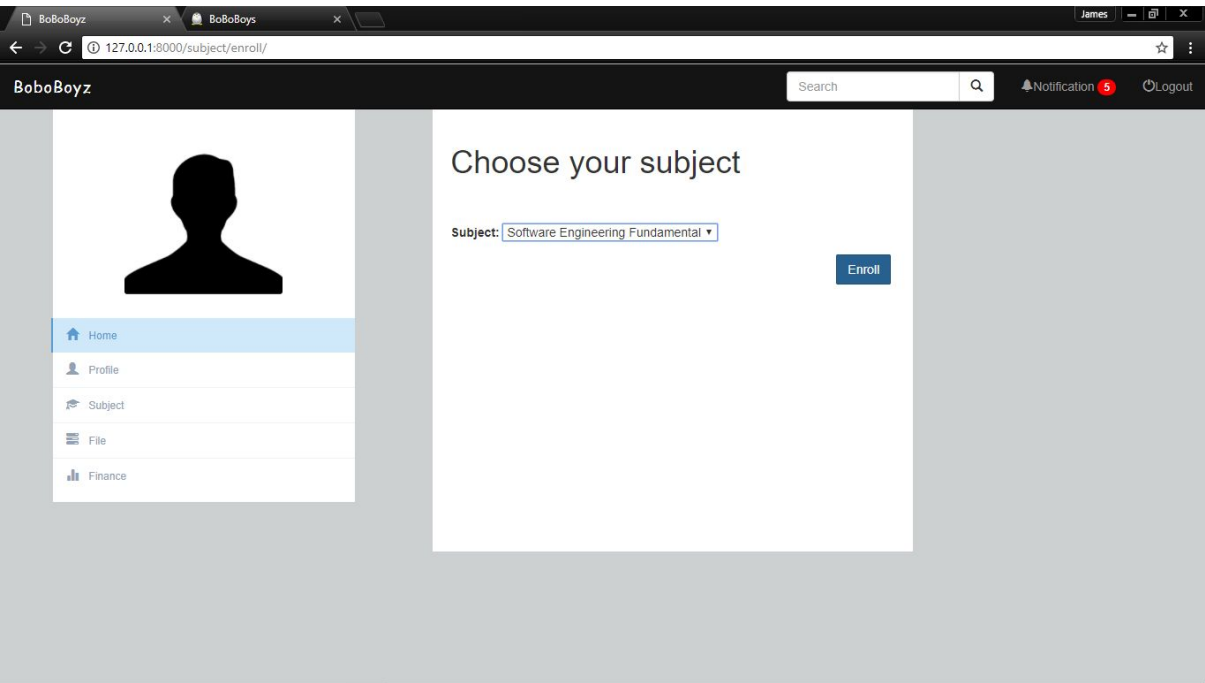

Click the dropdown field and select the subject that user wish to enroll. (Software Engineer Fundamental is added.)

Click Done.

Subject is enrolled. (Software Engineer Fundamental is enrolled)

The screenshot shows a web browser window with the URL `127.0.0.1:8000/subject/`. The page title is "BoboBoyz". The main content area is titled "Enrolled Subjects". It contains a table with the following data:

Subject name	Credit Hour	Fee	
Calculus	4	RM 1125.00	Delete
Software Engineering Fundamental	3	RM 1234.50	Delete

Below the table is an "Enroll subject" button. The left sidebar contains a navigation menu with the following items: Home, Profile, Subject, File, and Finance.

Deleting Subject (For Student)

For some reason, student is allowed to delete their enrolled subject by clicking the “delete” button that same row with the subject.

This screenshot is identical to the one above, showing the "Enrolled Subjects" page. The table contains the same data:

Subject name	Credit Hour	Fee	
Calculus	4	RM 1125.00	Delete
Software Engineering Fundamental	3	RM 1234.50	Delete

The "Enroll subject" button and the left sidebar navigation menu are also present.

Subject deleted from enrollment database. (Software Engineering Fundamental deleted)
