

UI Design

Student and supervisor interfaces are much similar, thus we will only put one of the design created.

1. Login Page

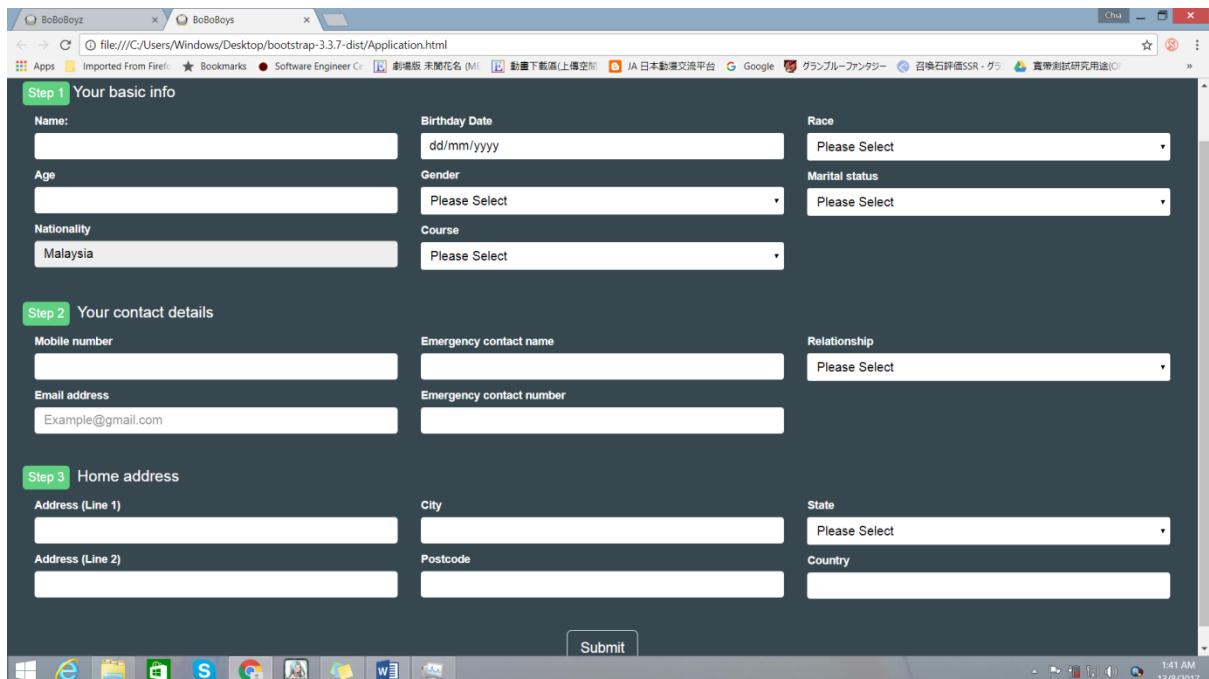

The screenshot shows a web browser window with the address bar displaying a file path. The page content is a login form with the following elements:

- Header: "Welcome to XXX"
- Form fields:
 - ID: "Enter ID" (text input)
 - Password: "Enter password" (password input)
 - Remember me: checkbox
 - NewStudent? (link)
 - Apply (link)
- Button: "Login"

The login page will redirect to the home page or application page.

2. Application page

The screenshot shows a multi-step application form with the following sections:

- Step 1: Your basic info**
 - Name: text input
 - Age: text input
 - Nationality: dropdown menu (selected: Malaysia)
 - Birthday Date: text input (format: dd/mm/yyyy)
 - Gender: dropdown menu (selected: Please Select)
 - Course: dropdown menu (selected: Please Select)
 - Race: dropdown menu (selected: Please Select)
 - Marital status: dropdown menu (selected: Please Select)
- Step 2: Your contact details**
 - Mobile number: text input
 - Email address: text input (example: Example@gmail.com)
 - Emergency contact name: text input
 - Emergency contact number: text input
 - Relationship: dropdown menu (selected: Please Select)
- Step 3: Home address**
 - Address (Line 1): text input
 - Address (Line 2): text input
 - City: text input
 - Postcode: text input
 - State: dropdown menu (selected: Please Select)
 - Country: dropdown menu (selected: Please Select)

A "Submit" button is located at the bottom of the form.

The application page includes the information shown, but we will perform it in three slides, and the next button will be below. For example,

The screenshot shows a web browser window with the URL `file:///C:/Users/Windows/Desktop/bootstrap-3.3.7-dist/NewVersion/Application3(slideshow).html`. The page is titled "BoboBoyz" and "Your basic info". It contains a registration form with the following fields:

- Name:
- Birthday Date:
- Race:
- Age:
- Gender:
- IC:
- Nationality:
- Course:

At the bottom of the form, there are three buttons: "Previous Step", "Submit", and "Next Step".

This page is our result.

3. Profile page

The screenshot shows a web browser window with the URL `file:///C:/Users/asus/Desktop/New-folder/NewVersion/Profile.html`. The page is titled "BoboBoyz" and "Profile". It displays the user's profile information:

- Name: Ong Koon Hua
- Student ID: 1151102941
- Gender: Male
- Address: No6, Jalan Balala 7C Taman Balala Cyberjaya
- Identity Number/Passport Number: 960310-10-XXXX
- Contact number: 010-2802826
- Email: Koonhua310@gmail.com

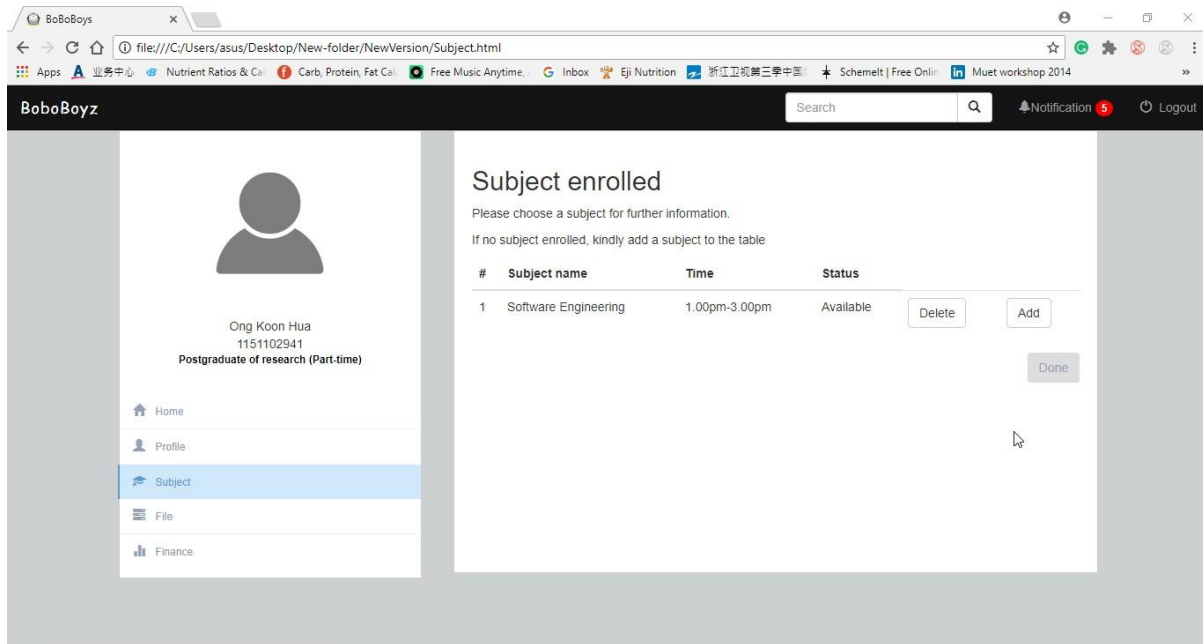

On the left side, there is a sidebar menu with the following items:

- Home
- Profile (selected)
- Subject
- File
- Finance

An "Edit" button is located at the bottom right of the profile information section.

The user can edit their information in here.

4. Subject page

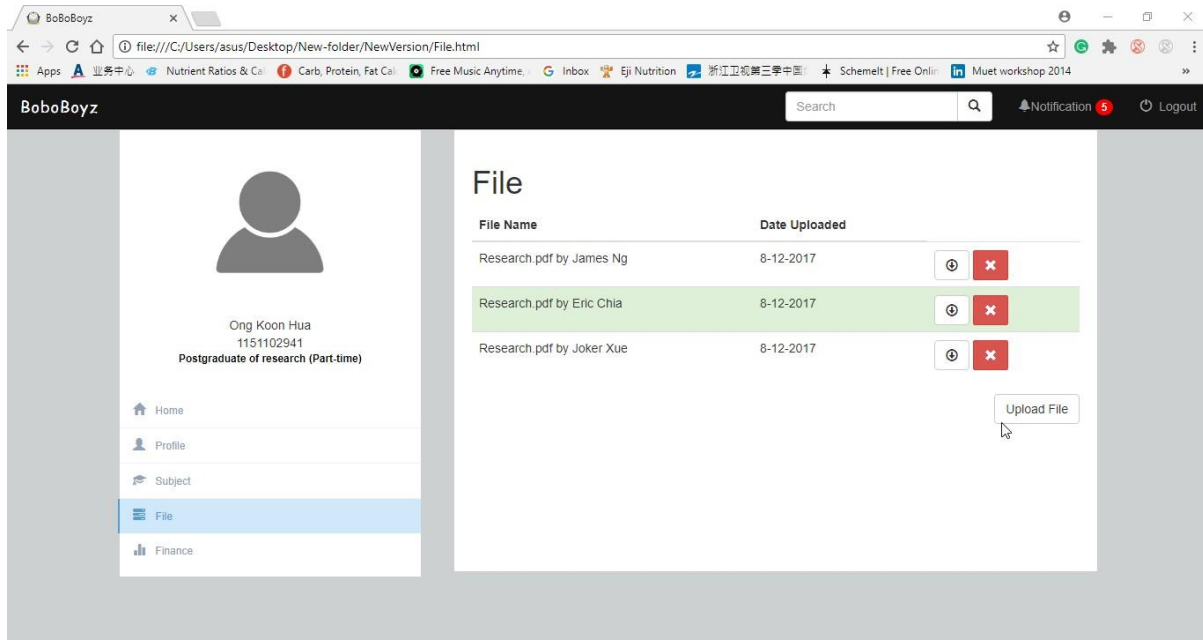

The screenshot shows the BoboBoyz web application interface. On the left is a sidebar with a user profile for 'Ong Koon Hua' (ID: 1151102941, Postgraduate of research (Part-time)) and navigation links for Home, Profile, Subject, File, and Finance. The 'Subject' link is highlighted. The main content area is titled 'Subject enrolled' and contains instructions: 'Please choose a subject for further information. If no subject enrolled, kindly add a subject to the table'. Below this is a table with columns: #, Subject name, Time, and Status. The table contains one row: #1, Software Engineering, 1.00pm-3.00pm, Available. To the right of the table are 'Delete' and 'Add' buttons. Below the table is a 'Done' button. The top navigation bar includes a search bar, a notification bell with a red '5', and a 'Logout' link.

#	Subject name	Time	Status
1	Software Engineering	1.00pm-3.00pm	Available

Add and delete subject functions will be done at here, and the Done button will submitted the subjects which student choose.

5. File Management page

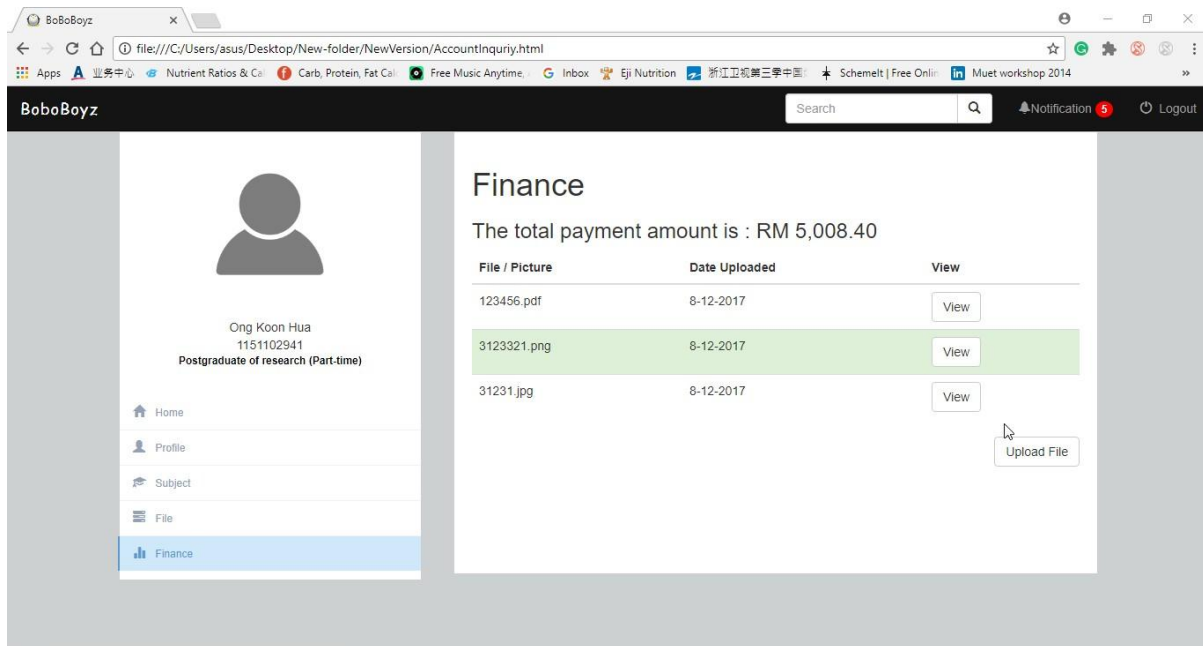

The screenshot shows the BoboBoyz web application interface for the 'File' management section. The sidebar is identical to the previous page, with the 'File' link highlighted. The main content area is titled 'File' and contains a table with columns: File Name, Date Uploaded, and an action column. The table lists three files: 'Research.pdf by James Ng', 'Research.pdf by Eric Chia', and 'Research.pdf by Joker Xue', all uploaded on 8-12-2017. Each row has a download icon (a circle with a downward arrow) and a delete icon (a red square with a white 'x'). Below the table is an 'Upload File' button. The top navigation bar is identical to the previous page.

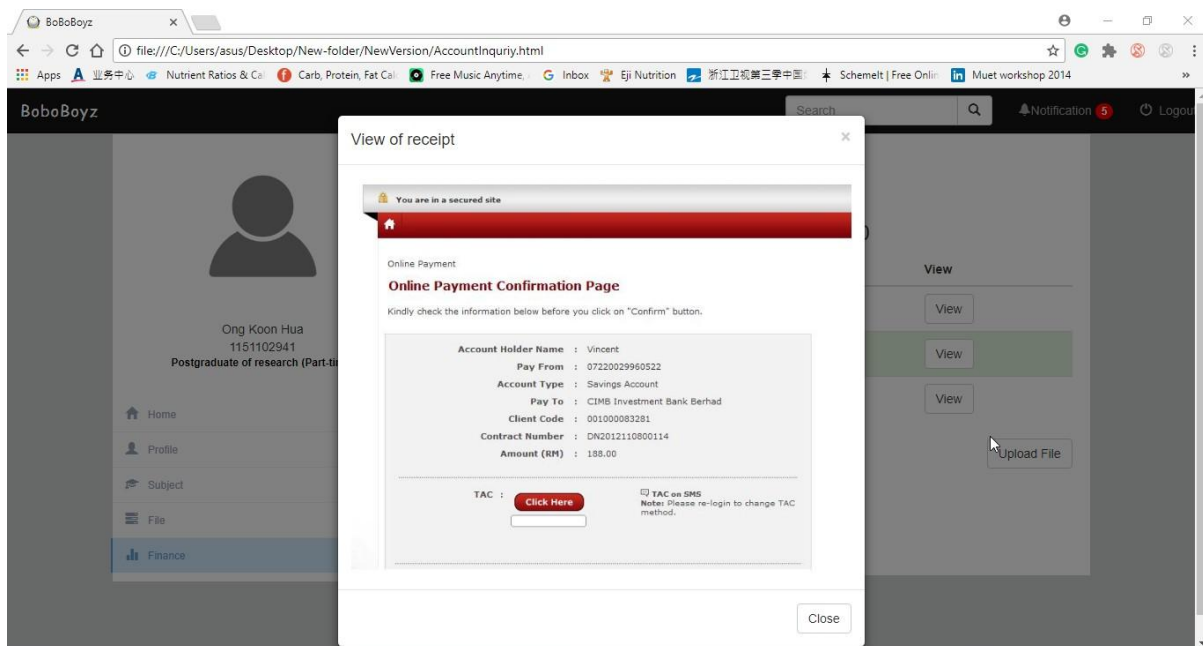

File Name	Date Uploaded	Action
Research.pdf by James Ng	8-12-2017	 
Research.pdf by Eric Chia	8-12-2017	 
Research.pdf by Joker Xue	8-12-2017	 

Download files, Delete files and upload files provided in this page.

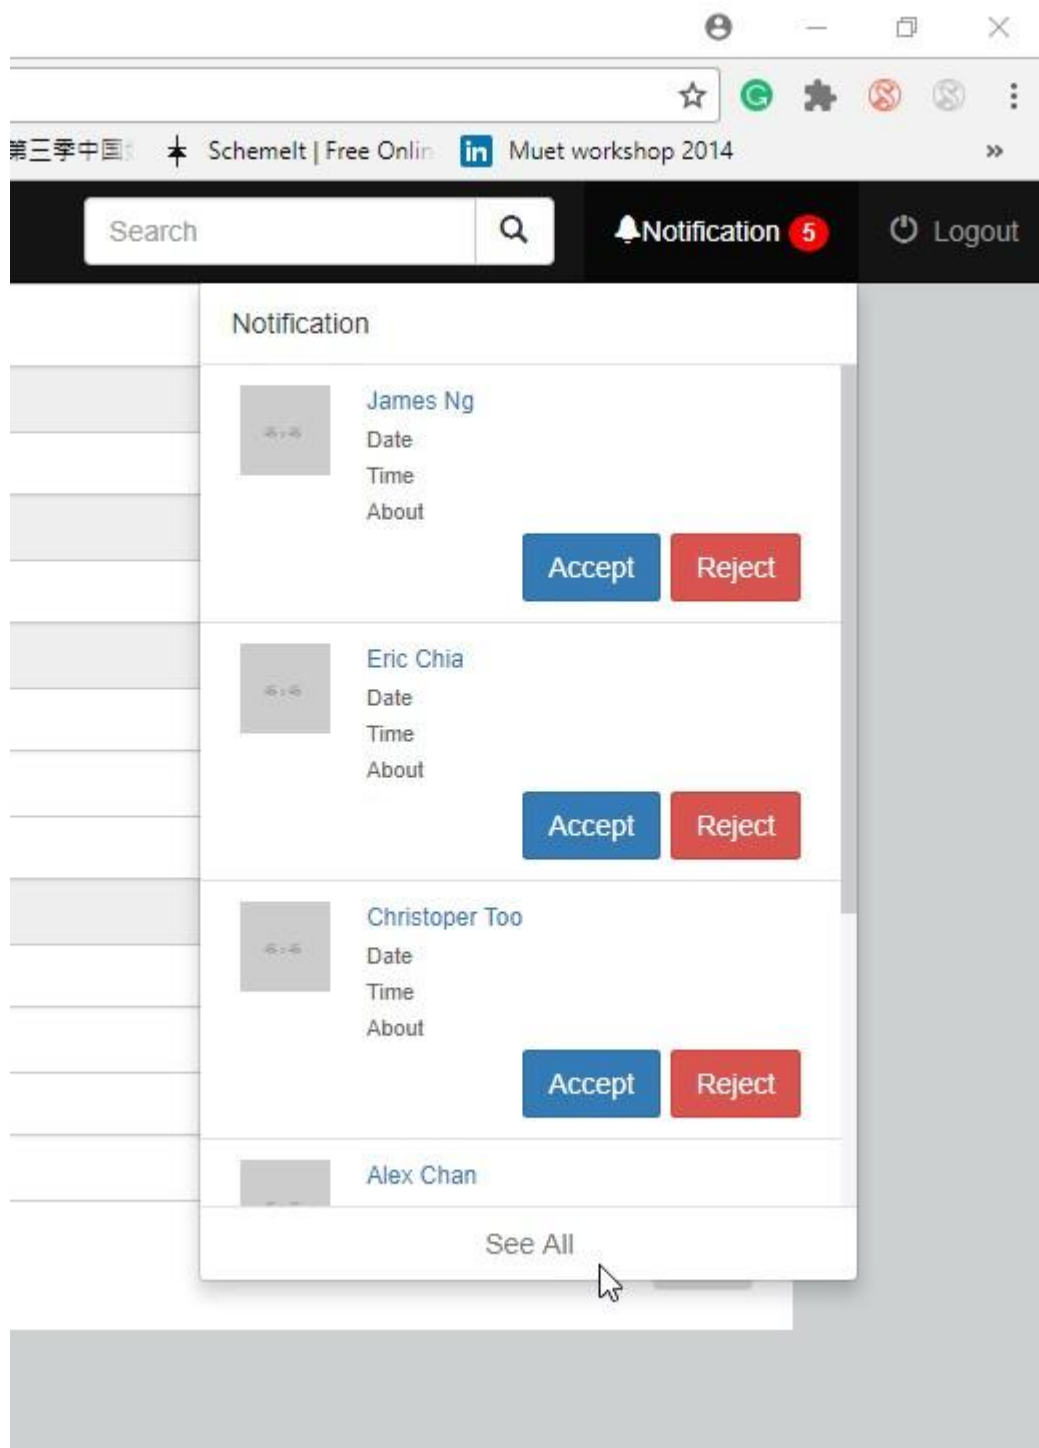

6. Finance page

The user can check back the time they paid, and the receipt of making a payment by pressing View button. Clicking View button may pop-up a window to show the receipt.

7. Appointment booking page

Supervisor can view the appointment request by clicking the notification button. The notification bar is showing the time, date and description of the appointment. Supervisor can accept or reject the appointment request in the notification bar.

8. User Management page

Django administration

WELCOME, ADMIN. [VIEW SITE](#) / [CHANGE PASSWORD](#) / [LOG OUT](#)
